# OPAA – What's next ...

---

- 2010 SP1 (Sept)
  - Enhanced OpenSpirit Data Manager
    - Attribute Refresh
      - Refresh all (or selected) objects with OpenSpirit data key to get expanded set of attributes
    - Project Link
      - Match Petrel objects (with or without datakeys) to chosen external project(s)

Example usage: Combination of above allow Petrel projects made with SIS OpenSpirit plugin from OW2003 projects to be relinked to migrated R5000 projects....

  - Support Petrel 2010.2
